

Librarika

Librarika is a SaaS based Integrated Library System (ILS) platform built on the cloud.
Website: <https://librarika.com>

Overview

Librarika is a free open platform for anybody wanting to manage their physical or virtual library catalog online using Integrated Library System (ILS). That includes Universities, Colleges, Schools, Polytechnics, Medical Institutes, Public Libraries, Non-profit organizations, Government Agencies, Corporate Offices, Departments, Social Institutes, NGOs, Family and even a personal library.

You do not need any additional software or hardware. Librarika is served right from the cloud.

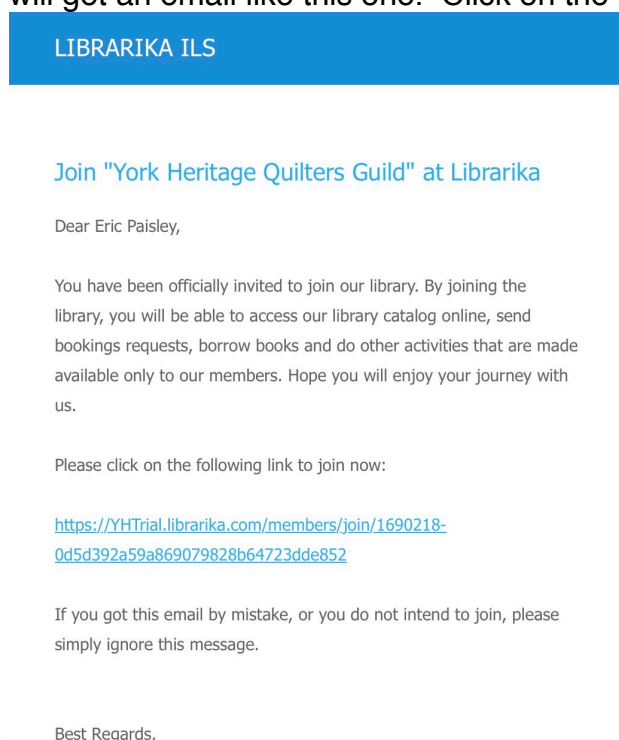

All Librarika libraries are hosted on the cloud at <https://librarika.com>.

Built-in OPAC

Online public access catalog OPAC comes built-in with each Librarika library. That means, you can instantly publish your catalog online or you can make your library private if you want to.
