Hello Quilters!

I hope winter is waning and spring is nearing, but perhaps the good side of bad weather is that I don't mind staying busy at the sewing machine. If you are looking for activities, don't miss [International Quilting Day](#), coming up on Saturday March 21st. This is a joint effort between York Heritage Quilters Guild, Royal City Quilters' Guild and Waterloo County Quilters' Guild. Participation is included in your membership, but you must be registered to get the Zoom link via email. Further information is in the newsletter on page 4.

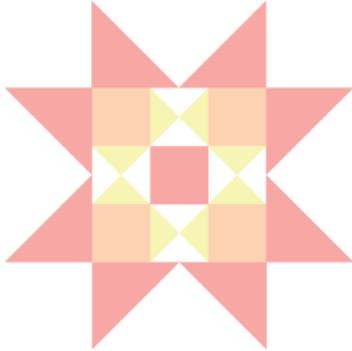

I want to focus on our [Guild Library](#) this month. A trend for 2026 that keeps hitting my highlights is "analog" and what is more analog than an actual book? Less doomscrolling and more page flipping for sure! The guild library has almost 750 books and magazines to choose from. Since that is way too many to browse, or display (and put away) each month, Sharon C. has pioneered a rotation schedule that gives each category a chance to shine in the library corner at TBG. You can search the online list of books, create an account with Librarika, or send an email to have a specific book reserved. Our library has acquired the following new books: [Quilting with Curves](#) by Daisy Aschehoug, [Creative Mending](#) by Hikaru Noguchi, [New Patchwork & Quilting Basics](#) by Jo Avery, and [The Sewing Guide to Cancer](#) by Heather Grant. Full disclosure, I have made one of the projects from this last book and found it very useful.

Our March 17, 2026 Zoom meeting will feature Terry Rowland sharing her lecture, *Diverse Quilting Journey*. [Send your photos](#) for Show and Share. I look forward to seeing you there.

To close, I have one more trend to ponder. Are quilted coats still "In" or are they "Out"? And, is it okay to repurpose and give a cherished textile a new lease on life by making the coat from an old quilt, or is it just a big "No"?

Thank you and quilt on!

Meetings in September, October and November are hybrid and will be available online by Zoom and in-person at the Toronto Botanical Garden. Our January, February and March meetings will be held virtually through the Zoom platform. April and May meetings are hybrid (both in-person at Toronto Botanical Gardens and on Zoom).

Doors will open at 6:30 pm for in-person meetings, and 6:45 on Zoom. The meeting will begin at 7:00 pm, and run until 9:00 pm.

Invitations to all meetings on Zoom, including the link to the meeting, are sent a few days prior to each meeting.

If you need assistance to join the Zoom meeting, please contact one of the following people:

Apple users (MAC, iPad, or iPhone), please contact Chriss Coleman at either 289.383.0555 or quilts@chrisscoleman.ca

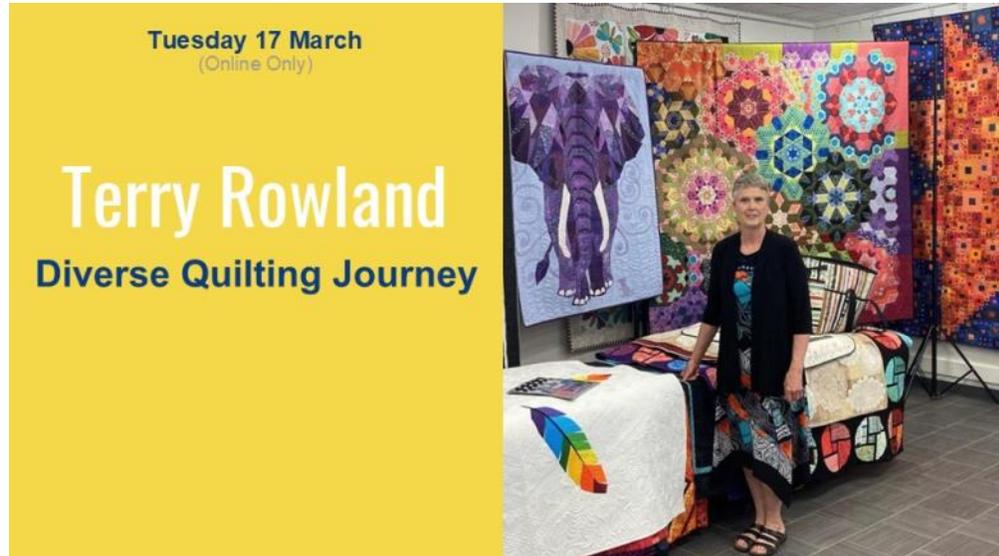

PC users, please contract Sandra Yen at 416.523.0488 or oudaze@hotmail.com

If you are unfamiliar with Zoom and its controls, you can view the [YHOG Zoom Orientation video](#) prior to the meeting. And if you still have questions, join the meeting early and one of our Tech Team will be happy to help.

Prior to joining the meeting, we ask that you turn off any computer notifications you have (on your email account, for example) so we won't have dinging and donging going on during the meeting.

Once the meeting begins, please mute yourself to eliminate background noises.

March 17 (on Zoom) Terry Rowland – Diverse Quilting Journey

The nights are long this time of year but Terry Rowland will be brightening up our evening via Zoom on Tuesday 17 March with her love of colour! Over the last 40 years Terry has challenged herself to learn many different techniques on her quilting journey. She has also become known for her use of color and is excited to share her diverse display of more than 50 items with you. There should be something for every quilter to enjoy. You don't want to miss this popular Alberta-based quilter!

Want more Terry? Her quilting journey continues on Instagram [@trowstudio](#), and check out her [popular colour wash quilt](#) series on YouTube.

March lectures are always online so join us from whatever warm or cold part of the world you find yourself in– virtual doors open at 6:45, meeting starts at 7.

Keynote Speakers

Ben Robinson - Modern Making for Quilters

Curious about how Makerspaces serve and empower the community? Makerspaces allow people to discover, experiment, and create in an inclusive hands-on learning environment. In this fun and informal talk, our local Makerspace supervisor, Ben Robinson, will give us a behind-the-scenes look at what equipment is available, how staff help you with your project, and why Makerspaces are such a great resource for quilters and textile artists in particular. You'll see examples of quilts and textile projects that combine traditional skills with modern technology, and you might just walk away inspired to try something completely new on your next quilt!

Bring your questions, ideas, and curiosity – there will be plenty of time for conversation and brainstorming about how Makerspaces can open up new creative possibilities for our quilting community.

Ben Robinson has been the Supervisor of the Guelph Public Library's Westminster Branch and Makerspace since 2021. Prior to this, Ben acted as Children's and Teens Services Librarian. His own creative pursuits include writing stories for his three children and film criticism.

Priscilla Bianchi - The Exciting Life of a Guatemalan Quilt Artist

Priscilla Bianchi represents a unique personality in today's fiber arts world. Her innovative, one-of-a-kind art quilts unite cultures by combining the richness and ethnic appeal of Mayan Guatemalan hand-woven textiles, colors, patterns, textures and symbolism, with American quilt making techniques. This gives life to a myriad of designs that are fresh, original and contemporary with profound Guatemalan roots and identity. Her main inspiration for her geometric abstract work comes from Mayan Guatemalan traditional textiles and costumes.

World renowned, Priscilla's prolific multicultural artwork is exhibited nationally and internationally and has been acquired by the Museum of Arts & Design (MAD) in New York City, the Hyatt Centric Hotel in Guatemala City, Hotel Museum Casa Santo Domingo in Antigua Guatemala, and many private collectors. She is invited to teach and lecture about her artwork and about Guatemalan textiles around the world, in places like the United States, Canada, Australia, New Zealand, South Africa and Europe.

Priscilla will speak to us about *The Exciting Life of a Guatemalan Quilt Artist*. Her inspirational lecture will appeal to quilters and non-quilters alike. In it, Priscilla tells her amazing story as a quilt maker: what motivated her to start quilting and how she was hooked; the difficulties and obstacles she's had to overcome living in a country without any quilting tradition, community or resources. Her message is simple: if, against all odds, she was able to achieve what she has . . . anyone can do it! Her slides show her sources of inspiration: the Guatemalan textiles and Mayan culture that influence her to create unique art quilts, as well as an overview of her body of work. This talk will surely please audiences with Priscilla's humour, entertaining stories, and lots of insight.

International Quilting Day 2026

Concurrent Session Speakers from 1:30 to 2:30 pm Eastern

Becky Fiedler - Stitching Our Stories: Easy Embroidered Quilt Labels with Ink/Stitch

Quilt labels turn a finished quilt into a lasting story. In this beginner-friendly session, you'll learn how to create clean, readable embroidered labels using Ink/Stitch, a free Inkscape extension. Becky will walk through a simple design-to-stitch workflow and share tips for success on any embroidery machine. She will also touch on using local Makerspaces—many offer public embroidery machines—so you can design at home and stitch in a shared studio. Attendees receive a ready-to-use label template and next steps to get started.

Becky is a retired teacher who spent decades in both in-person and virtual classrooms and now brings that same spirit to quilting. She loves helping quilters try new tools—whether it's Zoom, Electric Quilt or free creative programs like Inkscape and Ink/Stitch—so that designing, personalizing, and labeling quilts feels fun, doable, and maybe even a little addictive. Becky loves her local Makerspace where she enjoys having access to creative tech (and a bit of extra encouragement) for quilting projects.

Sharon Fisher - My Favourite Things for Wool Applique

Embark on a delightful exploration of wool applique with award-winning quilter Sharon Fisher as your instructor! She will unveil her personal favourites in tools, tips, and techniques through this engaging lecture. You will be led through the entire process of creating beautiful wool applique projects, from the initial pattern preparation through tracing and design transfer to the final appliqué, stitching, piecing, pressing, and finishing touches. You will learn invaluable insight and practical advice to enhance your craft.

Sharon Fisher has been quilting for over 30 years, beginning her journey in a basement quilting class while raising three young children and starting a new career. A lifelong learner, she has studied with many well-known teachers and developed a love for texture, wool appliqué, and hand stitching. Sharon's work blends traditional, primitive, and whimsical styles, brought to life with rich colour and embellishment. An award-winning quilter and popular instructor, Sharon teaches workshops for guilds, shops, private groups and at Quilt Canada.

Bonnie Rankin - What the Judge Sees

Do you ever wonder what the judge sees when looking at a quilt? This is an opportunity to view the 2025 National Juried Show winners and listen to a Canadian Quilters Association National Certified Quilt Judge, Bonnie Rankin, discuss design and workmanship in quilting. Learn about the most common problem areas when creating a design and how to avoid construction issues which plague many quilters. As well, quilting trends will be discussed. You will leave this lecture with a pocket full of valuable hints to improve your quilting and hopefully alleviate some of the challenges quilters face.

Bonnie has been quilting for 35 years and comes from a family of quilters with both her mother and father having been award winning quilters. She has seen quilting evolve from traditional quilts to modern and art quilts using multi mediums and innovative, interpretative techniques. She has been active in quilting both in Ontario and British Columbia holding guild executive positions in both provinces. As well, she was the President of the Canadian Quilters Association (CQA/ACC). She is a CQA/ACC Certified Quilt Judge and was the 2024 and 2025 National Juried Show (NJS) Coordinator for Quilt Canada. Bonnie has judged, juried and scribed throughout Canada. In person and zoom presentations, as well as giving NJS tours, allow her to share her quilting knowledge with the objective of encouraging quilters of all levels and skills to exhibit and share their work.

VIRTUAL TUESDAY

March 10, 2026—Turtles and Baby Quilts Take Two

The turtle quilt and its maker were revealed at the February Virtual Tuesday. Thanks to France B. and Irena H. for sharing the famous “Turtle Quilt” and for their suggestions for how to make your own baby (or any size) quilt inspired by this colourful and easy quilt. And to Susan G. and Leslie B. for providing details about the guild challenge, “Sweet Dreams Are Made of These”.

Join the March Virtual Tuesday on **Tuesday, March 10** to learn what your fellow guild members are creating with the design inspiration of the turtle quilt. If you have a problem or solution for a turtle inspired quilt or any favourite baby quilt pattern or pattern for anything baby related come prepared to share. It's also an opportunity to get answers to your questions about the 2026 guild challenge, “Sweet Dreams Are Made of These”. As usual, Virtual

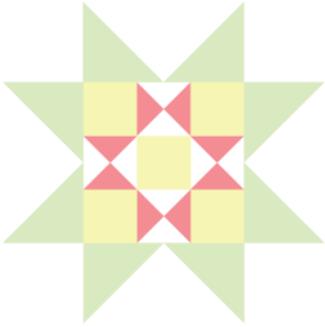

Tuesday is a casual, social time, so even if turtles or baby quilts aren't your thing, come on out to chat and learn.

Do you have photos to share? We want to see your progress, not just previously finished baby quilts. Send your photos to the Virtual Tuesday mailbox - yhgg.virtuالتuesday@gmail.com.

Tuesday March 10, 2026 from 7:00 pm to 8:30

If you're thinking of helping our regular Community Quilting program, these are the items that we are pleased to accept for our program:

- Tops or quilts, child sized (36 x 40+ inches) and adult comfort sized (50 x 60 inches). You can, of course, make larger items (60+ x 80+ inches); we tend to save the larger items for refugees or for other shelters that need bed sized quilts, and we never have enough of these.
- You can also get a head start in preparing Teddy Quilts for next year's holiday donation (approximately 18" x 24" in size, please).

February Donation:

We've sent two lovely quilt tops and an whole whack of orphan blocks to Quilts for Survivors, an organization which prepares and presents quilts to survivors of residential schools.

Thanks to Our Generous Members!

February has been a quiet month for CQ, but we still received some finished quilts and tops!

Special thanks go to Leslie B., Jacintha B., Wendy D. and Bev S., as well as to an unnamed member of the Monday CQ group at Stan Wadlow, whose beautiful quilt was delivered without a name tag for the maker/quilter; let us know who you are, and we'll include your name in the next newsletter!

Finally, thanks to everyone who returns their CQ pins...open, please!

About our community quilting program:

We currently have THREE groups that meet in person from September to June at community centres or other locations in Toronto. At least one of these groups continues (at a different location) during the summer months.

The Monday in person group usually meets every Monday at Stan Wadlow Community Clubhouse, located at 373 Cedarvale Ave., Toronto, from 9:00 to 3:30. **Please note** that the Stan Wadlow Clubhouse is closed until further notice due to a need for emergency facility maintenance. We will advise you when meetings can resume at Stan Wadlow. In the meantime, you are welcome to join our Tuesday and/or Thursday in person groups, and our Tuesday and/or Saturday online groups.

The Tuesday in person group meets every Tuesday with a few cancellations for holidays or other events) at East York Community Centre, located at 1081-1/2 Pape Ave., Toronto, from 9:30 to 1:45. There are a few Guild owned sewing machines there, and members typically work on guild projects, like sandwiching tops, making backs, or other projects.

(Continued on page 8)

COMMUNITY QUILTING

Again, there's a kettle for tea, a microwave for warming things up, and people usually bring a lunch.

Our newest in person group is located at 200 Madison Ave. (enter through glass doors off MacPherson Ave.), Toronto, and runs on Thursdays from 12:00 to 4:00. In addition to being open to members, this meeting is open to residents of 200 Madison and neighbouring buildings, the hope being that people will come to learn different sewing techniques. There are three Guild owned sewing machines there, and members typically work on projects under the guidance of Janet Patterson and Mical Pearlman. Again, there's a kettle for tea and a microwave for warming things up.

There's an expectation that people who attend one of the in person sessions will spend at least half of their time working on CQ projects, but **anyone is welcome to drop in to have the group help to sandwich a quilt of any kind (we have raised tables to work on, so it's much easier!)**, to drop off finished items, or even just to have a chat. For people who are new to quilting, coming to some of these sessions is a great way to learn new skills from experienced quilters and designers.

We also have two on line Zoom Sew-Alongs each week, on Tuesdays and Saturdays; these run throughout the year, with few cancellations. People work on personal or CQ projects at home while talking to other members...it's amazing what one can learn at these sessions! These sessions were started during the pandemic, and were intended to be more of a social opportunity for our members; they're a great way for out of town members to stay in touch and for new members to connect with other members!

Since we don't have any in person guild meetings until April, if you want to drop off finished quilts or pick up a quilt sandwich to work on, please contact Anne M. at annemarie.mclauchlan@gmail.com to make arrangements.
